

# Sign-In Lync 2013

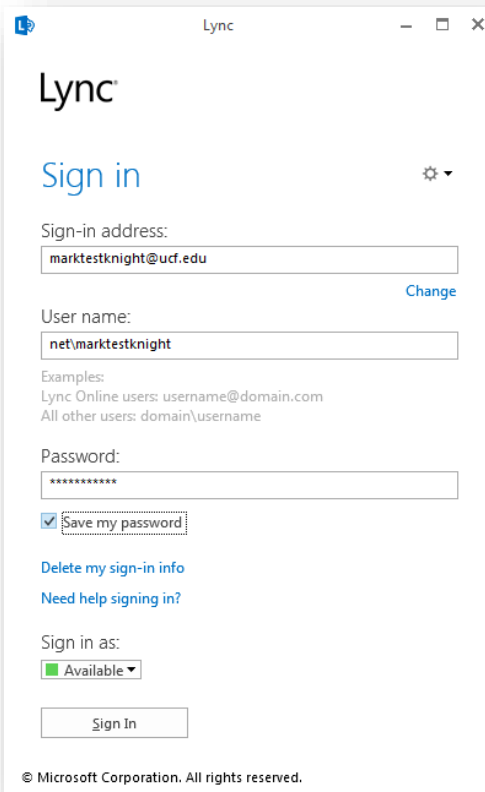

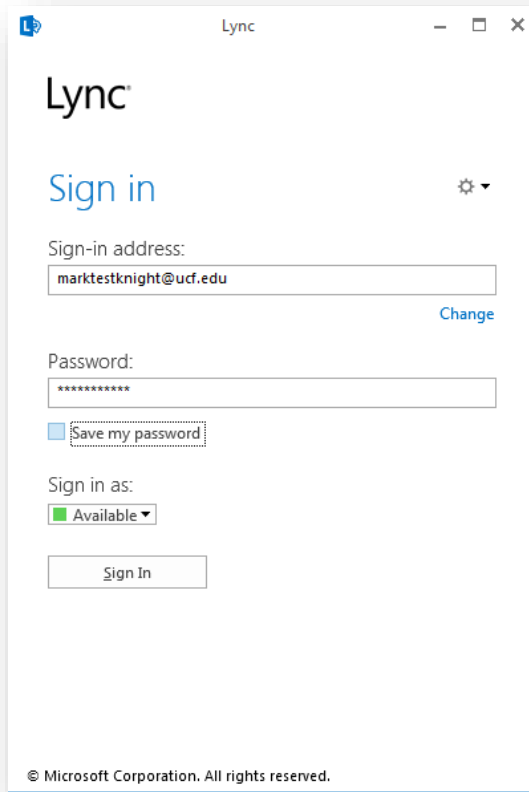

You must be on the Campus Network or connected to the VPN while working remotely to login to Microsoft Lync.

Your sign-in address for Lync 2013 is your [NID@ucf.edu](mailto:NID@ucf.edu). If you are logged in to a NET Domain workstation, you will be logged into Microsoft Lync automatically once you start the program.

If you are logging in to Lync on a workstation not connected to the NET domain, you will need to type your sign-in address. Your sign-in address for Lync will always be your [NID@ucf.edu](mailto:NID@ucf.edu). Then click **Sign In**.

NOTE: ([FirstName.LastName@ucf.edu](mailto:FirstName.LastName@ucf.edu) will not work to sign in to Lync).

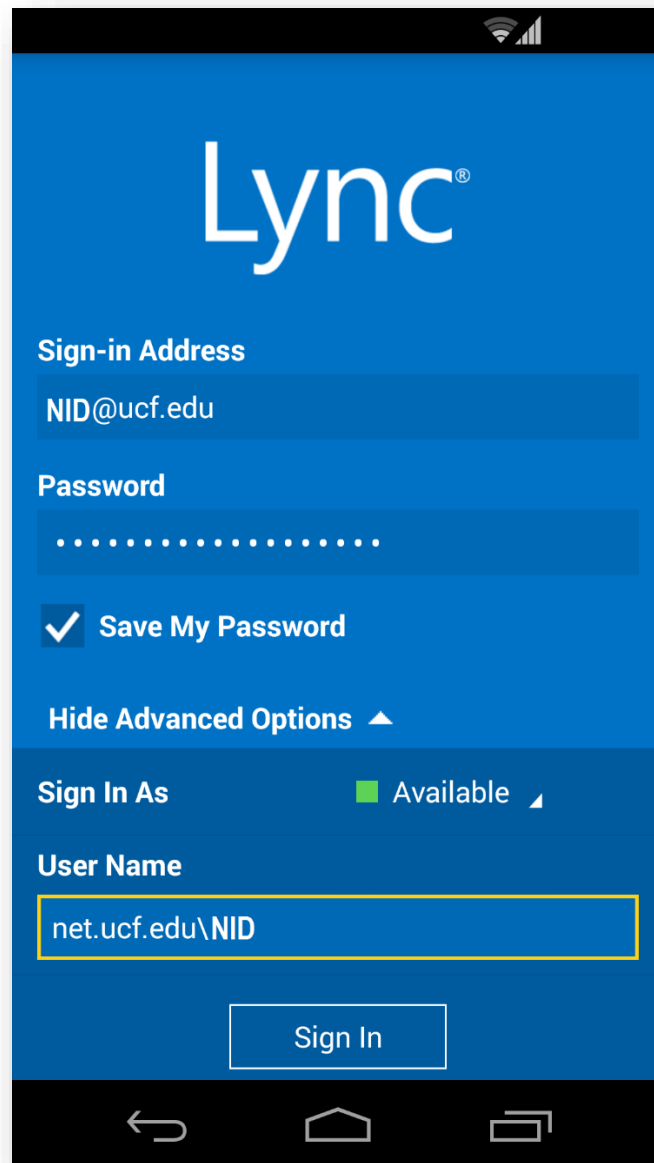

After trying to authenticate, you will need to fill in your NET Domain **User Name** (in **net\NID** format) your NID **Password** and then click **Sign In**.

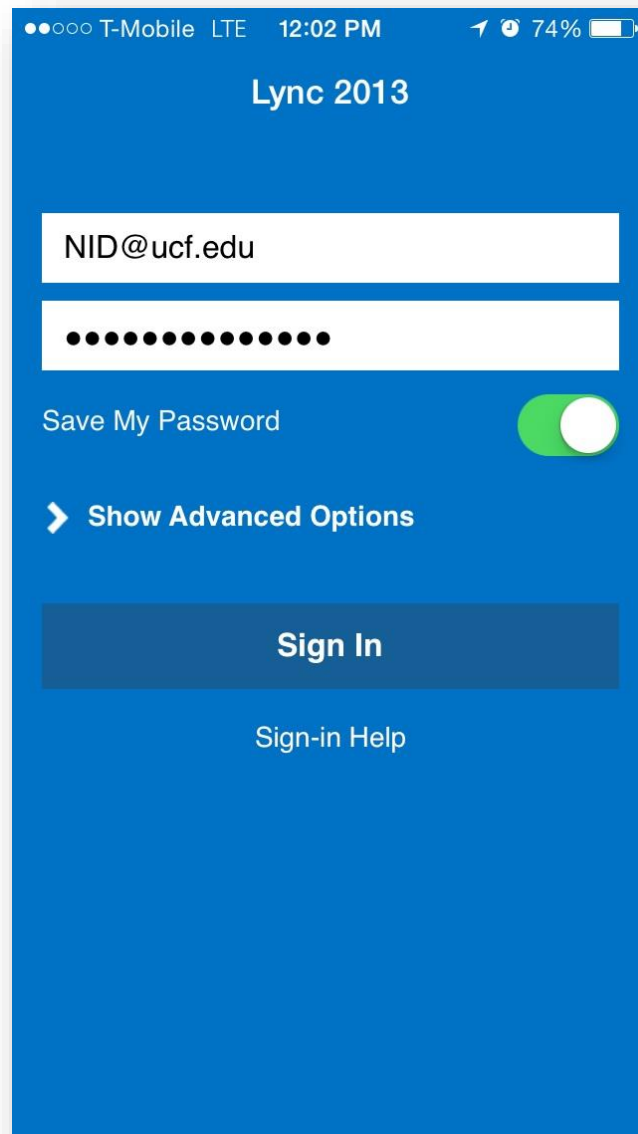

If you choose to leave the box for **Save my password** checked, you will not need to enter your **User name** and **Password** at next login.

## Lync Mobile Sign-In – Android

Via your Lync Mobile client, you will sign in with your [NID@ucf.edu](mailto:NID@ucf.edu) information and password, just like your Campus Network Lync client. The user name is **net.ucf.edu\NID**. Then press **Sign In**.

## Lync Mobile Sign-In – iPhone

Please contact the Service Desk at (407) 823-5117 or by email at [ServiceDesk@ucf.edu](mailto:ServiceDesk@ucf.edu) for Microsoft Lync support.
