Downloading Microsoft Office

In Office 365, you have the advantage of downloading the latest version of Microsoft Office for free through your Knights Email. The applications include:

Mac Users: Only the 2011 versions of Word, Excel, PowerPoint, and Outlook are available for installation.

Windows Users: You will need at minimum Windows 7 to install Microsoft Office on a PC or laptop.

**Downloading Process**
In Office 365, click on the settings icon, and then **Office 365 Settings**.

Click on **Software**.
Then click **Install**.

Selected the downloaded file and then click **Run**.
Getting Started Screens

Once you’ve downloaded Microsoft Office, here are some screens that will guide you through setting up the applications to your liking.
Sign in and get the most out of Office.

When you sign in, you can save your documents online to access them almost anywhere and share with anyone. Your settings are also online, so you'll always find Office just the way you left it.

No thanks, maybe later.

Meet OneDrive.

Signing in to Office means you can save documents to the cloud with OneDrive. OneDrive gives you anywhere access to your files and makes it easy to share with the people who need them.

Accessing Office

The recent installation will be found under All Programs and under the newly created folder Microsoft Office 2013.

If you have a previous version of Microsoft Office already installed, you may need to remove the applications for the new installation to function properly. Click the Start button, search Control Panel and select the program. Click Programs, and then Programs and Features.
Select an application you wish to remove, and then click **Uninstall**.
